 - Review - Vote re: the media players for the tv screens - UPDATE- the tech team found another option. This option works off of google sheets which will be easier to modify and show ads- also this option is only \$110 - looking to vote for the purchase of 2.
 - Terminals – seem to be going well – definitely need a jetpack to work in outdoor concession. Other feedback here?
 - Reminder that we forget to discuss re: students in the concession stand:
 - Students should not be in the concession stand without 1-1 adult-parent ratio – these students usually are ‘runners’ for their parents;
 - Students under 16 should not be handling money
 - Avoid the students running the popcorn maker and other things that might potentially burn them
 - C. Live-Streaming Update - calendar has been shared for signing up.
 - D. Apparel - Going well - HUGE thanks to the PTOs for ES and MS for their help – they sold apparel for us and did a fantastic job!! The sub-committee needs to meet soon to discuss potential additional orders and create the online Christmas store.
- VII. New Business
 - A. Homecoming - Parade – Truck and Trailer? Who can drive? Who can walk it? Candy and items to throw (the old WM hats and visors maybe a FEW old items – otherwise, we sold out of all old apparel!)
 - B. Other Business/ Items to Discuss
